

St Alipius Parish School Supervision of Students Information for Parents

Students will be supervised by a registered teacher during recess and break times. Supervision is also provided from 8:30 until the start of the school day (8:55 am). If children arrive before 8:30, they must remain in the Courtyard area until 8:30 when formal supervision formally begins. **There will be no formal supervision before 8:30.**

Teachers will supervise students at dismissal time until 3:45 pm. This includes supervision of children onto buses. A checklist will be completed by supervising teachers to monitor which students are on buses, and which particular bus they get on. Students will only be supervised getting on/off the bus at St Alipius, and while waiting to get on the bus in the afternoon. **St Alipius is not responsible for students once they leave the school on buses.**

We understand that unexpected events can happen and this can sometimes impact after school pick up. If this occurs, parents are asked to contact the school to arrange student supervision (in the office) until children can be picked up.
